Soham Chatterjee

Student

I am a web developer with a particular interest in detail and much passion. I have strong knowledge of HTML, CSS, JavaScript as well as experience in SQL and Python. I'm on the search for an opportunity that will help me grow my knowledge on web development and design by working with an entry-level team which is highly motivated.

PERSONAL PROJECTS

Shopify Bliss (06/2023 - 07/2023) ↗
- The site uses smooth scrolling for seamless navigation, achievable with CSS scroll-behavior & JavaScript.
- The website is fully responsive, adjusting seamlessly across devices using media queries and flexible grids.
- The website features a clean and modern design with consistent use of colors, typography, and imagery. This visual consistency contributes to a professional appearance and enhances user engagement. Implementing such design requires a good understanding of CSS for styling, as well as UI/UX principles to ensure the site is both attractive and user-friendly.

Silkheaven (02/2024 - 03/2024) ↗
- The site features a full-width hero section with a high-quality background image and a centered call-to-action button, drawing immediate attention to key content.
- The site adapts well across different screen sizes, ensuring a consistent user experience on both desktop and mobile devices.
- The website uses custom fonts to enhance its aesthetic appeal, improving readability and aligning with the brand's identity.

PROJECTS

Member of the Coding Club at Akrurmoni Coronation Institution
School Event Page: Create a website for a school function.

Malda,West Bengal

GENERAL SKILLS
